MEMORANDUM FOR: Admiral Inman

SUBJECT : Former DCI Turner's Memorandums of Conversation  
(MemCons)

1. On the eve of Mr. Casey's trip to the Middle East, he asked to see a sample of ten MemCons DCI Turner had with the President, Secretary of State, Secretary of Defense, and Dr. Brzezinski. These, of course, were provided.

2. I am not sure that I've told you that Admiral Turner created 1100 pages of MemCons with the above four principals. I had these papers assembled as if they were five books and then prepared a Table of Contents against approximately 300 subjects. With Mr. Casey's formal approval, Admiral Turner has been in three or four times to review these volumes as well as other files he had set aside for future reference by the DCI and DDCI. He is quite satisfied with what I've done in this regard and when last here he said he did not intend to return for the purpose of reviewing the material. Enclosed for your perusal are the Table of Contents for his various MemCons.

B. C. Evans  
Executive Secretary
